## PROVEN EFFICIENCY

Dentisan manufactures a comprehensive range of HTM 01-05 compliant decontamination products.

BioCleanse Ultra is available in wipes, trigger spray and concentrated liquid form, Dentisan has a solution to suit all needs. This wide spectrum microbicide cuts through contaminants, lifting them to leave a physically clean and disinfected surface in a single operation. With proven efficacy against mycobacteria, including TB and enveloped viruses such as Hepatitis B and C, the use of BioCleanse Ultra provides peace-of-mind to practice managers and dentists.

Dentisan's website contains resources including demonstration videos, compliance guidance and free CPD articles, designed to help practice teams understand and achieve compliance.

## CARIES TREATMENT

Icon is DMG UK's treatment for incipient caries and carious white spot lesions without drilling.

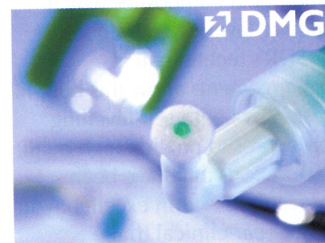

Icon is an innovative caries infiltration therapy. It represents a breakthrough in micro-invasive technology that reinforces and stabilises demineralised enamel without the need for drilling or sacrificing healthy tooth structure.

Icon offers an alternative to the wait and see approach, enabling an immediate treatment without loss of healthy tooth structure. It prevents lesion progression and increases life expectancy for the

tooth. The total treatment time is 15 minutes.

Watch the Linda Greenwall video at [uk.dmg-dental.com](http://uk.dmg-dental.com) to find out how it can enhance the practice.

## FILTER CHANGE

Just as batteries should be replaced annually on smoke alarms, so too should the filter on compressors. With Durr Dental compressors, the process is as easy as changing batteries. Log onto [www.duerr.de/filter](http://www.duerr.de/filter) and enter the code number for the compressor and click 'Find Filter'. The model required will be displayed immediately. Replacing the filter will preserve the compressor.

Durr Dental compressors have a good track record for longevity and efficiency. This is ensured by their antibacterial tank coating, designed for permanent operation, and their novel use of dry air technology.

All Durr compressors carry a three year warranty.
