

## Music to your ears

SCOTCHBOND Universal Adhesive from 3M Espe is a universal bonding system with uncompromised performance, achieving high and consistent bond strength in total-etch and self-etch mode, while also suitable for selective-etch.

This universal adhesive will bond to any surface including enamel, dentin, glass ceramic and zirconia, without primer. Not only that, but it also requires no mixing and enables a one-coat application for an easy formula that you'll love.

What's more, in a study involving the placement of nearly 7,000 restorations, less than 1% of patients experienced any post-operative sensitivity.

For an easy to use adhesive that can make your working life easier, try Scotchbond Universal Adhesive from 3M Espe today.

For more information, call 0845 602 5094 or visit [www.3Mespe.co.uk](http://www.3Mespe.co.uk).

## "Our rep is one of the best out there"

"THE Dental Directory provides an excellent service," says Vicky Broadley, head dental nurse at

Eclipse Dental Care in Batley, West Yorkshire. "We have been working with them for around 13 years now. We can place our orders on a Friday and our products will come the following Monday, which is great.

"We use The Dental Directory for a lot of the UnoDent products, as well as all sorts of other consumables, and the dentists are really happy.

"Our rep, Dave Masson, is one of the best out there. If we've got a query on an order, or we want to look for another product then he'll find it for us."

Call 0800 585 586 or visit [www.dental-directory.co.uk](http://www.dental-directory.co.uk).

Trust...

## Pack a punch against germs!

THE new "Touchless" contact-free soap and disinfectant dispenser from Dürr Dental combines good looks with functionality. The failsafe automatic sensor reacts as soon as your skin comes within detection range, dosing exactly the right dosage of liquid. It can be used for disinfectant, liquid soap or hand lotion. Its aluminium, anodised casing hinders the growth of bacteria by virtue of its bacteriostatic effect. It's easy to clean and five replaceable single cell batteries, which last up to two years, ensure a long and reliable service life. An audible signal indicates the need for a battery change.

This new dispenser is part of the reliable range of hygiene products from Dürr Dental.

For more information, visit [www.duerrdental.com](http://www.duerrdental.com).

## Peace of mind and pain-free

REFERRING your patients to a specialist can be an anxious time for any practice, but when you refer to us at EndoCare we guarantee to provide the best possible service and communicate with you promptly at each stage of your patient's journey.

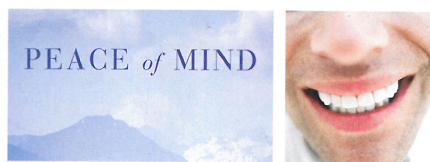

We understand that it is important for your patients to return to your practice after successful treatment and can always advise on the scope and timing of any definitive restorative care.

We are committed to calm, comfortable and compassionate endodontic treatment. Utilising the latest equipment and techniques, our specialists are all experts in their field and dedicated to meeting the needs of every patient.

Getting to the root of dental pain

## Buying a dental practice?

WHETHER purchasing your own practice, entering into a partnership or incorporation, Goodman Grant's specialist dental legal advice is priceless.

Goodman Grant's expert team of dental lawyers can help guarantee that you experience an efficient acquisition without any problems or stress, saving you time and money.

Goodman Grant ensures that the commercial aspects of a practice and any legal agreements are cared for with dental sector specific assistance. The team can also provide advice on a wide range of legal issues such as bespoke partnership or associate agreements, expense share as well as the incorporation process.

Call Ray Goodman on 0151 707 0090, e-mail [rng@goodmangrant.co.uk](mailto:rng@goodmangrant.co.uk) or John Grant on 0113 8343705, e-mail [jmg@goodmangrant.co.uk](mailto:jmg@goodmangrant.co.uk), or visit [www.goodmangrant.co.uk](http://www.goodmangrant.co.uk).

## Traditional delivery – new approach!

WITH UNIC Treatment Centres from Heka Dental the only limit is your imagination!

This recent installation in an orthodontic practice in Holland has a dynamic colour scheme and layout; it doesn't look or feel like a dental practice it all. How exciting it looks to its young patients and how relaxed they must feel as a result!

Clinicians operate in the most relaxed and ergonomic way possible, whilst allowing the easiest access to the patients and with the cuspidors sited on the left rather than the more conventional right, 12 o'clock suction and ceiling-mounted operating lights.

Contact Anglian Dental on 01763 849990, DB Dental on 01484 401015 or Eclipse Dental on 01322 293333. E-mail either [info@angliandental.co.uk](mailto:info@angliandental.co.uk), [info@eclipse-dental.com](mailto:info@eclipse-dental.com), [sales@dbdental.co.uk](mailto:sales@dbdental.co.uk) or visit [www.heka-dental.com](http://www.heka-dental.com).
