

Treated like family

At EndoCare we treat your patients like our own family and ensure their experience is second to none.

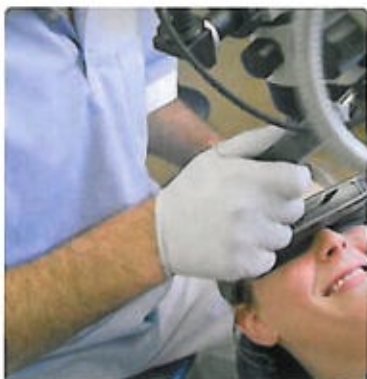

We use the very latest in digital imaging technology, dental units and operating microscopes to ensure the best possible treatment outcomes. If you refer your patients to EndoCare, you can rest assured that they will be treated by a specialist who is an expert in their field, and that you will be kept updated every step of the way.

EndoCare strives to become an essential extension of the service you offer. Trust us to deliver the very best results and return your patients to you pain-free and more than happy with the service they receive.

Getting to the root of dental pain

Hypro-Oss available from General Medical

GENERAL Medical is exclusive UK distributor for the range of Hypro-Oss bovine bone graft materials and membranes.

Hypro-Oss is a prion-free natural bovine bone graft material consisting of 70% hydroxyapatite and about 30% pure crystalline Type 1 atelocollagen in its natural state.

Unlike sintered bovine products, Hypro-Oss provides a natural substrate for bone tissue regeneration and repair generating complete conversion to new bone.

Suitable for use in implantology, periodontology and oral surgery Hypro-Oss is available in two particle sizes (0.5 to 1mm and 1 to 2mm) and a wide variety of volumes (0.5ml, 1.0ml, 3.0ml and 5.0ml). To complement Hypro-Oss the manufacturers also offer Hypro-Sorb M & F membranes. All of which have a five-year shelf life.

Call 01380 734990, visit www.generalmedical.co.uk or e-mail info@generalmedical.co.uk

Vital dental sector experience

ARE you attempting to deal with regulatory problems? Trying to resolve a dispute involving the NHS, CQC or GDC can turn into a living nightmare.

Without vital experience you could end up doing more damage than good. Some advisers and lawyers not experienced in the dental industry could exacerbate the situation.

Goodman Grant has the detailed knowledge and experience needed for dealing with regulatory bodies. Its team of lawyers are proficient at preserving relationships with regulators while ensuring the best possible outcomes for clients. With over 75 years' combined experience you'll be sure to receive the right advice – first time.

Call Ray Goodman on 0151-707 0090, e-mail rng@goodmangrant.co.uk or John Grant on 0113 8343705 or e-mail jmg@goodmangrant.co.uk. Visit www.goodmangrant.co.uk.

Inman Aligner training

DR GRAHAM Duckitt from Taylored Dental Care in Bradford recently attended a

hands-on training course for the Inman Aligner.

"I thought the course was excellent, really well run and hands-on. I felt very confident about being able to start using the appliance in practice."

The appliance is a great way to expand your treatment range and address your patients' basic-to-moderate orthodontic needs, straightening anterior teeth in an average of six to 16 weeks.

Courses offer a complete overview of treatment, from case selection to fitting, adjustment and retention. After course completion, access to rapid and expert advice and support is available, ensuring you have all the help and guidance you need to achieve fantastic results.

Visit www.inmanalignertraining.com, e-mail training@inmanaligner.com or call 0845 366 5477.

Spring celebration at Kemdent

TO qualify for a free gift, Kemdent's customers need to spend £265 or more on Kemdent products during April 2015, a task which should present few problems given the wide range of offers on surgery products!

Kemdent's diamond restoratives and cross-infection control products are among the items on special offer, which include Diamond Glass Ionomer Cement, Diamond Luting Cement, ChairSafe and PracticeSafe Surface Disinfectants. Ask about InstrumentSafe and PracticeSafe Impression Soak too.

Three sizes of luxury gifts are available. The more you spend in April, the larger your luxury gift will be! (The luxury gift may differ slightly from the image).

We will be at DTS 2015, 17th-18th April, on stand 208. Call Helen on 01793 770256, e-mail sales@kemdent.co.uk or visit www.kemdent.co.uk.

All-on-4 treatment concept – an effective same-day solution

DR CHRIS Lucas of Lavender Road Dental Practice, Leicester, says: "All-on-4 added another string to our bow... We can set up a case and the patient will come in on that day and leave with a fixed bridge instead of a denture."

"You get some amazing comments from patients. They frequently say that it's the best money they've ever spent. One patient was practically skipping out the door after her final treatment. It really is life-changing, to be able to look them in the eye and see this positive transformation to their whole personality."

For more information call 0208 756 3300 or visit www.nobelbiocare.com.
