EndoCare

Dr Daniel Flynn, Dr Satinder Matharu, Dr Adi Moran, Dr Nicolai Orsteen and Dr Michael Sultan

From my very first visit to the practice, I was made to feel welcome and comfortable by the friendly staff and environment.

Dr Moran knew that I was very anxious about my root canal treatment and his reassurance and professionalism made me feel more at ease. I was pleasantly surprised as to how painless the procedure was and I would recommend Dr Adi Moran to all those nervous patients out there. I shall have no hesitation recommending your practice to any of my friends and family.

Mrs Carol Mismy

Getting to the root of dental pain
